

NIGHT LIGHT™

with
ANDREA

**EVERY WEEKNIGHT
7PM - MIDNIGHT**

- Focused on relationship with listeners.
- Sensitive, uplifting phone calls with listeners.
- Show is all about emotional connection.

"Night Light™ with Andrea" is designed as a different kind of night show - encouraging and phone-intensive. Every weeknight, Andrea engages listeners with soul-healing conversation and inspiring music.

Night Light™ with Andrea is one of the highest rated evening music shows in Dallas/Ft Worth among core CCM Demos.

Stations that want to go beyond voice-tracking, can now have Andrea connect with local listeners LIVE in studio each weeknight from 7p-12mid central.

Night Light™ with Andrea is available with music by satellite or without music by FTP. FTP delivery allows you to schedule your own music locally, and then drop in Night Light content.

Night Light works for both commercial and non-commercial stations.

When you need to stand out, when you need to save on overhead, when you need proven performance – go with Night Light. Contact Jeremy Sweat at jsweat@salemmusicnetwork.com
